

MyHIJAU Mark Service

Maximum Demand
Controller

MyHS00006/19-E004

Information

Service Name
Maximum Demand Controller

Description
This is a hardware which will be customized for each Client depending on their load profile and demand targets. The Maximum Demand Controller (MDC) has a proprietary demand predictor. When demand is predicted to be high, the MDC will automatically curtail load to ensure that the Client meets the target demand at the end of the demand period.

Sector
Energy

Category
Consultancy & Auditing
Subcategory
Sustainability Consultants
